3.1(e)

HOUSING FACILITIES, GENERAL.

Sitting on the floor inside the Veterinary Clinic/Whelping Building is an open bag of wood shavings being utilized in the pans below the enclosures for adult dogs with puppies and weaned puppies. Open bags of wood shavings that are being stored on the floor create an opportunity for contamination and vermin infestation. Ensure that all supplies of food and bedding are stored in a manner that protects them from spoilage, contamination and vermin infestation.

To be corrected by: November 28, 2015

Inspection was conducted with a facility representative. An exit briefing was conducted with the licensee.
