### 2.134(a)

#### Contingency planning.

There was no written contingency plan on file at the facility.

Failure to have a written contingency plan can result in lack of readiness for emergencies or disasters.

Facilities must develop, document, and follow an appropriate plan to provide for the humane handling, treatment, transportation, housing, and care of their animals in the event of an emergency or disaster.

Correct by: April 4, 2023

### 3.13(b)(3)

#### Veterinary care for dogs.

The licensee is keeping records of rabies vaccinations but not of other yearly vaccinations (7 way vaccine with distemper/parvo).

Failure to document all vaccines can result in not keeping dogs in the kennel current on vaccinations.

Dealers must keep copies of medical records for dogs that include the names and dates of all vaccines administered.
