2.25(a) Critical

Requirements and procedures.

Each intermediate handler is required to have a registration. The applicant was notified May 2022 that he was required to have a T registration. The applicant was in contact with program support, but failed to apply for the T registration. The applicant has transported numerous dogs in commerce since May 2022. The applicant must have a T registration before transporting pets for commerce. Correct by June 12, 2023.

2.131(b)(1) Critical

Handling of animals.

On December 28, 2022, the applicant transported a puppy without a health certificate from California to Oklahoma. On January 4th, 2023, the applicant notified the seller the puppy had died while in transport. The applicant discouraged the seller from getting a necropsy done as the puppy was transported without a health certificate.

The applicant transported a litter of four puppies without health certificates in April 2023, and had them in transport for 14 days before delivering them. One of the puppies died during transport and was left in the crate with the others.

The applicant shall handle animals in a manner that is done expeditiously and carefully as to not cause trauma, overheating, excessive cooling, behavioral stress, physical harm, or unnecessary discomfort.

This inspection and exit interview were conducted with the applicant.
