Certificate: **32-A-0596**
Site: 001
BENJAMIN ZOOK

Type: ROUTINE INSPECTION
Date: 02-NOV-2018

2.40(a)(2)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

Vitamin C has not been given to the Guinea pigs as directed by the attending veterinarian. Without supplemental vitamin C, guinea pigs may not have an optimally functioning immune system, which makes them susceptible to disease hazards such as respiratory infections and ringworm. Licensee must assure the attending veterinarian has appropriate authority to ensure the provision of adequate veterinary care. This can be accomplished by following veterinary guidance exactly.

Correct by: November 5, 2018

This inspection and exit interview were conducted with Licensee.
