### 2.40(a)(1)

#### **Attending veterinarian and adequate veterinary care (dealers and exhibitors).**

The facility could not provide a written program of veterinary care. According to the licensee, they have a formal arrangement with a local veterinarian but a written program of veterinary care was not available for review.

A written program of veterinary care, in addition to regularly scheduled visits to the premises, is important to ensure the health and care of all the animals.

Correct by having a written program of veterinary care in place including regularly scheduled visits to the premises.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by July 16, 2022 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
