Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Official during the inspection process between 9:57-10:32 am on 26-MAR-24. On arrival the inspector knocked on the house door and called out in the yard. A message was left at the phone number on the account. A leave behind flyer was left on the shop door before leaving. The licensee called at 1:55pm to say his wife had been visiting a friend and he had been at work during the inspection time.

Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
