2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

No written program of veterinary care was available for review. A written program veterinary care is required to demonstrate adequate veterinary care and Attending Veterinarian oversight of health care and husbandry is being provided to the animals. A written program of veterinary care covering all animals must be completed by May 14, 2023.

2.75(b)(1)

Records: Dealers and exhibitors.

Acquisition records for all animals which were acquired after the USDA license was issued were incomplete. The rabbit, pig, calf, and goats used in exhibition were not included on the animals on hand list nor had acquisition records available. The acquisition records did not include full address of person from whom animal was purchased from, USDA license number or vehicle license number/state ID number if unlicensed, and date of purchase as required. Records need to be complete to ensure proper documentation of all animal acquisitions and dispositions and enable disease control and public health monitoring if needed. Acquisition and disposition records on all animals must include: name, full address and USDA License (or vehicle license/state ID if not licensed), date acquired or sold/given away or death and species and number of animals. A complete list of all animals on hand shall be kept up to date. To be corrected by May 1, 2023.
