INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

IACUC functions.

1. The IACUC has not updated their reports to the Institutional Official (IO) at least once every six months as required. The 2 semi-annual reports from the IACUC that were submitted to the IO since the last inspection were reviewed. The first semi-annual report submitted to the IO was dated 5/20/15 but the next semi-annual report submitted was almost 9 months later on 2/10/16.

Per this Section of the Regulations, reports of the IACUC semi-annual evaluations of the program for animal care and the animal facility inspection should be updated at least once every 6 months upon completion of the required semi-annual evaluations and the report submitted to the Institutional Official.

Compliance with the requirements outlined in this Section is important to ensure the IO is updated regarding the status of the animal use program and the condition of the animal facilities to ensure that the research facility is adhering to the standards and regulations specified under the Act.

Correct from this date forward for all future semi-annual reports from the IACUC to the IO.

NOTE - Exit interview held 4/11/16 on-site with facility representative. Report delivered by email 4/13/16.
