### 2.75(a)

#### Records: Dealers and exhibitors

The licensee does not have complete records identifying the sources of animal acquisition and specific animal descriptions for disposition. The records list two adults being on loan or borrowed but does not include dates of when they were acquired, the complete name and address from who they were on loan from, and when they left the property. Adults who were not born on the property only have listed the name of the seller, but does not include the seller's address nor the date they were acquired from.

For disposition the licensee did not have 7006 forms for the adult dogs. Licensee was able to provide a document indicating a recent sale of at least 4 adult dogs. This document only listed the animal's name and buyer's name and address but failed to include the animal's ID, age or date of birth, breed, sex, and animal description. Failure to include all the required acquisition and disposition information makes it difficult to properly track the movement and care of animals covered by the Animal Welfare Act.

Each dealer shall make, keep, and maintain records or forms which fully and correctly disclose the information concerning each dog purchased or otherwise acquired, owned, held, or otherwise in his or her possession or under his or her control, or which is transported, euthanized, sold, or otherwise disposed of by that dealer. Each dealer and exhibitor shall use Record of Acquisition and Dogs and Cats on Hand (APHIS Form 7005) and Record of Disposition of Dogs and Cats (APHIS Form 7006) to make, keep, and maintain the information required by paragraph (a)(1) of this section.

Correct by 10/24/25.

This inspection and exit interview were conducted with the facility representative.
