### 2.126(b)

#### Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at approximately 1600 on 9/25/2025. The inspector attempted to contact the licensee/registrant by knocking on the door. No one answered. I honked my car horn and located a facility employee. After speaking to the employee I made contact with the licensee by phone. She was not readily available and no one authorized to do the inspection was available. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.

End of report.
