Safari Wild LLC  
38650 Mickler Road  
Dade City, FL 33523

Customer ID: **44477**  
Certificate: **58-C-0952**  
Site: 001  
Safari Wild LLC

Type: ROUTINE INSPECTION  
Date: 16-SEP-2025

---

### 2.1(b)(2)(ii)

#### Requirements and application

At the time of inspection, the facility has two red foxes on exhibit. The facility's current 3-year license does not have authorization for wild and exotic canids.

Licenses authorize a specific number and specific type(s) of animals for the use of regulated activity (i.e., exhibiting). Licensure with the USDA must specifically authorize the use of wild and exotic canids, which includes foxes. The licensee must either remove this animal from exhibition or must obtain a new license which authorizes the use of this category of animal before continuing to exhibit this animal.

To be corrected from this date, September 17, 2025, forward.

### 3.125(a)

#### Facilities, general.

In the enclosure housing three kunekune pigs, there are multiple leftover screws where wood boards have deteriorated or have been removed. The points of these screws extend into the enclosure where the pigs can access them.

Enclosures that are not kept in good repair can result in injury from sharp points. The facility must be constructed of such material and of such strength as appropriate for the animals involved. The housing facilities shall be maintained in good repair to protect the animals from injury and to contain the animals.

The facility corrected the issue by removing the screws during the inspection.

This inspection and exit interview were conducted with facility representatives.
