Pecks Farm Market II East LLC  
7115 Peck Road  
Arena, WI 53503

Customer ID: **6016825**  
Certificate: **35-C-0416**  
Site: 001  
Pecks Farm Market II East LLC

Type: ROUTINE INSPECTION  
Date: 18-SEP-2025

---

### 3.125(a) Repeat

#### Facilities, general.

Three areas were observed to not be maintained free from edges or points that animals could contact:

- A broken board in the fallow deer pen had a nail sticking up.
- A shelter in the sheep pen had a rusted and rough edge sticking out.
- A panel in the pig's pen had wire panel points sticking out.

Sharp points and rusted edges could injure animals. Ensure that enclosures are well maintained to protect animals from injury and to contain animals.

### 3.153(a)(1)(i) Repeat

#### Primary enclosures.

The corn crib areas for peafowl have areas of loose wire mesh with edges/points. Loose wire edges/points could injure peafowl. Ensure that enclosures are free from loose wire and edges that could cause injury.

### 3.154(b) Repeat

#### Environment enhancement to promote psychological well-being.

One peafowl lacks a perch in it's housing area (east end of the peafowl enclosures). Perching is listed in the facility enrichment plan for peafowl and is beneficial to promote the ability of perching for peafowl. Ensure that this peacock has adequate access to a perching area.

This inspection and exit interview were conducted with facility representatives.
