Miscellaneous.

A responsible adult was not available to accompany the APHIS Official during the inspection process at 10:45am on 9/12/2025. The inspector attempted to contact the registrant by arriving at the facility and reporting to the security building. The security officer informed the inspector that the facility is closed, there are no more animals at the facility, and there are no employees who report to the building previously occupied by the business. There is no forwarding phone number. The registrant is required to notify the Deputy Administrator of any change in business operations under §2.27 of the Animal Welfare Act. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
