

Inspection Report

Jungle Exotics
PO Box 90538
San Bernardino, CA 92427

Customer ID: **3599**

Certificate:

Site: 001

Jungle Exotics

Type: RE-LICENSE INSPECTION

Date: 23-SEP-2025

3.127(d)

Repeat

Facilities, outdoor.

There were 3 empty animal enclosures along the inside of the northern perimeter fence which were all approximately one foot away from the perimeter fence and have reduced its effective height. One of these enclosures was approximately 6 feet in height. Enclosures, structures or other items located or stored next to the perimeter fence reduces its effective height and may facilitate animal escape. The fence must be constructed so that it protects the animals and ensures that unauthorized persons or animals cannot access the facility, to prevent physical contact between animals inside the primary enclosure and animals or persons outside the perimeter fence, and to effectively function as a secondary containment system in case of animal escape.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by 11/22/2025 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
