

## Inspection Report

---

Kevin Vogel  
8493 State Highway 371  
Brainerd, MN 56401

Customer ID: **6515**  
Certificate: **41-C-0104**  
Site: 002  
Kevin Vogel

Type: RE-LICENSE INSPECTION  
Date: 08-JAN-2026

---

### 3.127(d)

#### Facilities, outdoor.

A segment of the perimeter fence is in need of repair. On the west side of the facility there is a section of perimeter fence that has a tree branch leaning on the fence, bowing the fence and decreasing the effective height of the fence from greater than 8 feet to approximately six feet. The perimeter fence must be constructed and maintained so that it restricts animals and unauthorized persons from going through it or under it and so that it can function as secondary containment for the animals in the facility. Fences less than 8 feet high for potentially dangerous animals must be approved in writing by the Administrator. Corrected during the inspection

This is a 1st Re-License Inspection for a Class C license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by March 9, 2026, or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
