TRYON, OK 74875

Customer ID: **331109**  
Certificate: **73-C-0223**  
Site: 001  
LEAH BENJAMIN

Type: RE-LICENSE INSPECTION  
Date: 06-JAN-2026

---

### 3.125(a)

#### Facilities, general.

- In the cougar enclosure an elevated wire mesh resting surface is covered by a piece of wood that has deteriorated and decomposed to a point that the underlying wire is exposed. This is a potential risk of injury and/or entrapment if the cougar were to attempt to use the resting surface. All housing facilities must be structurally sound and maintained in good repair to protect the animals from injury. Licensee must replace or repair this wooden covering to ensure the welfare of the cougar.

This is a (1st) Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by 6 March 2026 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
