Institutional Animal Care and Use Committee (IACUC).

Two IACUC members who are not affiliated with the institution have not participated in IACUC meetings, program review, or facility inspections, for the entire 2025 calendar year. The IACUC chair has recommended one candidate, but the Chief Executive Officer has not yet appointed an unaffiliated IACUC member. The unaffiliated member represents the general community interest in the proper care and treatment of animals used in research. If this member is not present it could have negative effects on animal welfare. All members of the IACUC committee, including the unaffiliated member, shall be appointed by the Chief Executive Officer of the research facility. To be corrected by February 2, 2026.

This inspection and exit interview were conducted with the attending veterinarian.
