2.38(g)(2)

Miscellaneous.

The individual microchip numbers are not listed on acquisition forms for dogs and cats. Maintaining records of the official USDA tag number or tattoo assigned to each dog or cat acquired for and used in research assists APHIS Officials in carrying out their duties of determining compliance and good animal welfare. All official tag or tattoo numbers shall be correctly listed in the records of purchase, acquisition, disposal, or sale of all live dogs or cats which shall be maintained in accordance with 2.35.

Correct from this date forward of 21 November 2025.

3.13(b)(1)

Veterinary care for dogs.

The microchip number is not recorded on medical records for dogs. Official identification documented on medical records is necessary for APHIS officials to determine which dog/puppy the record belongs to and if the animal has received adequate veterinary care. Each research facility shall keep copies of medical records that include the identity of the animal including identifying marks, tattoos, or tags and the animal's breed, sex and age. The research facility must ensure that all medical records contain the identification of the animal as well as all other required information.

Correct from this date forward of 21 November 2025.

This inspection and exit interview were conducted with the facility representative.
