Watering

Four adult Boxers (#5500, #3332, #7015, #4796) in an outdoor enclosure did not have access to potable water. The water bowl contained water but it was frozen. Failure to provide continuous access to potable water may lead to dehydration or discomfort to the animals. The licensee provided water to the animals during the inspection. Potable water must be continuously available to dogs. Correct by ensuring that potable water is continuously available to all dogs at all times. Correct by 18-DEC-2025.

This inspection and exit interview were conducted with the Licensee.
