#### **Access and inspection of records and property; submission of itineraries.**

A responsible adult was not available to accompany APHIS Officials during the inspection process at 10:35 AM on 12/4/25.

The inspector arrived at 10:35 AM on 12/4/25 to conduct an inspection and contacted the authorized person via text message. The authorized person was at an off-site location and was not available for an inspection. An AWA compliance inspection could not be conducted because there was no other authorized facility representative available to accompany the inspector.

This is the FIRST attempted inspection of the Licensee. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
