### **2.126(b)**

#### **Access and inspection of records and property; submission of itineraries.**

A responsible adult was not available to accompany APHIS Officials during the inspection process at 2:30 pm on Wednesday, December 17, 2025. The inspector attempted to contact the licensee by telephone (left a message) and at the residence. Painters were at the facility and said that the previous resident had moved. Later, the licensee returned the call and said that she had retired from regulated activity and had moved. She was instructed to cancel her license in writing and was given the e-mail address to do so. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
