### 2.126(b)

#### **Access and inspection of records and property; submission of itineraries.**

A responsible adult was not available to accompany APHIS Officials during the inspection process at 2:30 PM on 30 December 2025. The inspector attempted to contact the licensee by calling after arriving at the facility. Left an initial voicemail, and left a second voicemail 30 minutes later, as well as reached out to the wildlife care director via text with no one available for inspection. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
