

Inspection Report

Wisconsin Dept of Natural Resources
W7303 County Highway CS
Poynette, WI 53955

Customer ID: **615**
Certificate: **35-C-0314**
Site: 002

Wisconsin Dept of Natural
Resources

Type: RE-LICENSE INSPECTION
Date: 07-JAN-2026

2.40(b)(3)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

Animals appeared healthy during inspection, however in their large natural winter habitat a method and process for observing the animals daily (mainly on weekends) is not in place by staff/trained personnel. Daily observations of animals is important and required to ensure that any problems of animal health or well-being can be conveyed to the attending veterinarian in a timely manner. Ensure that a process and routine is in place so that daily observations of animals can be accomplished.

This is a 1st Re-License Inspection for a Class C license for Site 002. The inspection and exit briefing were conducted with the facility representatives.

All items must be in compliance within 2 more inspection(s) or by 3/8/2026 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
