### 3.6(a)(1)

#### **Primary enclosures.**

Pen #7 needs to be addressed. There is a section of the wall panel that has been scratched to the point that there are three small holes in the panel. The scratching has deteriorated this section of the panel to where it can no longer be effectively cleaned and sanitized and could pose a potential hazard to the dog. This section of the primary enclosure must be kept in good repair for the safety of the dog.
