#### **Access and inspection of records and property; submission of itineraries.**

A responsible adult was not available to accompany APHIS Officials during the inspection process at 12:55 pm on Tuesday, January 13, 2026. The inspector attempted to contact the licensee by calling all 3 numbers, texting, and honking at the facility. There was no way to access the door to the property to knock on. The inspector waited until 1:32 pm to leave the property and placed a "Sorry we missed you" notice on the lock of the side gate. No phone calls were returned during the waiting period. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
