ROUTINE INSPECTION

Date: 30-JAN-2014

2.50(a)(1)

TIME AND METHOD OF IDENTIFICATION.

All adult dogs must have proper identification on their body. The four beagles, identification numbers 14, 16, 12, and 26; two pugs, identification numbers 8 and 5; and one Boston terrier, identification number 3; need to have their collars reattached. This will help dogs to be properly id when they are moved around, breeding dates, and medicated/vaccinated. If tattoo is going to be a choice of identification, a request needs to be sent in to the Regional Office. The owner must properly put identification on these dogs. Correct by 02-08-2014

This inspection and exit briefing were conducted with the facility representative.
