The licensee has not developed and documented an environmental enhancement plan to promote the psychological well-being of the birds housed at the facility. Lack of an environmental enhancement plan does not ensure that adequate and appropriate measures to promote the psychological well-being of the birds are being provided. The licensee must develop, document and follow an environmental enhancement plan that promotes the psychological well-being of the birds. The plan must also be approved by the Attending Veterinarian. Correct by: 09/25/2023.

This inspection and exit interview were conducted with the licensee.
