UNIVERSITY OF MASSACHUSETTS MEDICAL SCHOOL

55 LAKE AVENUE NORTH WORCESTER, MA 01655

Customer ID: 130

Certificate: 14-R-0035

Site: 001

UNIV. OF MASS. MEDICAL

CENTER

Type: ROUTINE INSPECTION

Date: 22-MAY-2024

#### 2.31(d)(1)(ii)

#### Institutional Animal Care and Use Committee (IACUC).

IACUC approved Protocols #0101 and #0128 did not provide a written narrative description of the methods and sources used to determine that alternatives were not available to a procedure that may cause more than momentary pain or distress to the animals that is included in each of the protocols (blood collection via cardiac puncture).

Per this Section, whenever a proposal for animal use contains procedures that may cause more than momentary pain or distress to the animals, the IACUC shall determine that: (1) the principal investigator has considered alternatives to those procedures and (2) that the principal investigator has provided a written narrative description of the methods and sources used to determine that alternatives were not available. These requirements ensure that all procedures contained in the protocol minimize discomfort, distress, and pain to the animals. The IACUC needs to address this item. Correct by 6/23/24.

This inspection was conducted with facility representatives on 5/22/24 and 5/23/24. The exit briefing was held with facility representatives on 5/23/24.
