Type: RE-LICENSE INSPECTION

Date: 02-AUG-2022

3.106(b)(3)

Water quality.

The facility was not maintaining a weekly standard of collecting samples for coliform counts as required in the regulations. Within the last fiscal year, there were six weeks where coliform testing was not conducted due to a lack of staff availability or other variables interrupting the schedule. Interruptions in water sampling can hinder the facility's ability to ensure the water is not detrimental to the health and well-being to the animals. Coliform sampling must be conducted at least once a week.

Correct prior to the next scheduled relicense inspection.

3.127(d)

Facilities, outdoor.

The facility's perimeter fence was not in compliance at the time of inspection. There was an accumulation of construction material piled adjacent to a section of the perimeter fence. This decreased the inner portion of the fence to less than 8ft in height. Additionally, the facility had added gravel to a path that ran alongside the perimeter fence effectively decreasing the inner height of the perimeter fence to less than 8ft in height. The accumulation of construction material next to the perimeter fence and the decreased height overall could allow for animals to climb out of the property. The fence must be constructed so that it protects the animals in the facility by restricting animals and unauthorized persons from going

through it, or under it and having contact with the animals in the facility, and so that it can function as a secondary

containment system for the animals in the facility.

Correct prior to scheduling the next relicense inspection.

This is a 1st Relicense Inspection for a Class C license. The inspection and exit briefing were conducted with the

Applicant.

All items must be in compliance within 2 more inspections or by October 2nd, 2022 or the Applicant will forfeit the license

fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Relicense Inspection.

Regulated activity can continue under your existing USDA license until it expires.
