2.27(a)

Notification of change of operation.

When the inspector arrived at the physical address listed in the inspection site and application registration for the registrant, the current tenant said no one by the registrant's name resided at the facility. No communication has been made by the registrant to USDA APHIS Animal Care to let the agency know of an address change. Failure to provide change of current address prevents Animal Care from inspecting and assuring adequate animal care and welfare. A registrant shall notify the Deputy Administrator by certified mail of any change in the name, address, or ownership, or other change in operations affecting its status as an exhibitor, carrier, or intermediate handler, within 10 days after making such change.

Correct by March 5, 2024, forward.

2.126(b)   **Repeat**

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 1:30pm-2:00pm on 05-MAR-2024.

Inspector went to the address provided in the customer's application for registration and was told the registrant did not live at this address. The number provided by the customer in his application for registration was then called and no response was obtained. Left voicemail and no respond or call back was obtained.
