2.40(a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

** The licensee did not have a complete Program of Veterinary Care. The Program of Veterinary Care at the facility was not signed and it did not list all of the products used at the facility. The Program of Veterinary Care must include the products used, the dosage, the route it is administered, how often it is used and what it is used for. The Program of Veterinary Care must be accurate and update if changes are made to the Program of Veterinary Care. All dealers must have a written Program of Veterinary Care to ensure that the animals at the facility are receiving proper veterinary care. The licensee stated that the attending veterinarian is working on the new Program of Veterinary Care, but it was not available for inspection by the USDA. To be corrected by: 05-13-15.

This inspection and exit briefing conducted with the licensee.
