2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 9:40am on June 11th, 2026. The inspector attempted to contact the licensee by honking the horn of the vehicle while parked at the gate of the property to attract attention, calling the phone number on file two separate times over a 30 minute period and leaving voice messages. Failure to provide access to the facility, animals, and records for inspection is a violation of the AWA and regulations. Continued failure to provide access is serious and may result in enforcement action.
