Access and inspection of records and property; submission of itineraries.

A written itinerary was not submitted by the licensee to the Deputy Administrator prior to exhibition with overnight travel. The licensee was in travel status at the time of inspection.
Failure to provide and update itinerary information may result in the inability to conduct an inspection to ensure the welfare of the animals covered under the Animal Welfare Act.
The licensee must submit a written itinerary to the Deputy Administrator no sooner than 48 hours in advance of any travel when exhibiting any animal overnight at any location other than the approved home site. The itinerary shall include all information required in this section, but not limited to, the names, dates, and locations (with addresses) where the animals will travel, be housed, and be exhibited, including all anticipated dates and locations (with addresses) for any stops and layovers that allow or require removal of the animals from the transport enclosures.
Corrected at the time of the inspection.

This inspection and exit interview were conducted with the licensee (over the phone) and facility representative.

You may appeal all or part of any inspection report by submitting a written statement contesting the findings—along with any supporting documentation—to the Deputy Administrator. Appeals of routine, focused, or attempted inspections must be received within 21 days of report issuance as shown by the signature line of this report.
