2.31(b)(3)(ii)

Institutional Animal Care and Use Committee (IACUC).

The IACUC has three members (Chair, AV, and Public Member). The Public Member has been considered to be the non-affiliated member by the institution, however the Public Member's job is at a nearby business that was described in the inspection as also a customer at times to this facility. Having a business (customer/client) relationship with this facility is an affiliation and the Public Member cannot be considered the non-affiliated member. The IACUC must have a member that is not affiliated in any way with the facility other than as a member of the IACUC, and shall not be a member of the immediate family of a person who is affiliated with the facility. Ensure that the IACUC has a member appointed by the CEO that is not affiliated with the facility and represents the general community interests in the proper care and treatment of animals.

***Correct by August 31, 2026.

This inspection and exit interview were conducted with facility representatives.
