Requirements and application

The licensee did not notify Animal Care of significant business changes 90 days prior to said changes and did not obtain a new license before these changes occurred. Substantial business changes include changes such as in business or operation, locations, and activities. The licensee reports the pet store that was licensed under a "Class B" license closed more than 1 year ago. The licensee now houses animals at a new location and conducts regulated business that falls under the classification of a "Class C" license (exhibiting). Correct by ensuring all significant business changes be reported to Animal Care at least 90 days in advance of any changes and that the proper licensure has been obtained prior to conducting regulated business. Correct by: November 30, 2026.

This inspection and exit interview were conducted with the licensee.
