2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 12:24pm on March 19, 2026. The inspector attempted to contact the licensee and the facility representative by phone, voicemail, and email. Licensee returned call stating he was out of the country since July 2025. Inspector waited an hour, but facility representative attempts for contact were unsuccessful. Failure to provide access to the facility, animals, and records for inspection is a violation of the AWA and regulations. Continued failure to provide access is serious and may result in enforcement action.
