Sacramento Zoologic Society
3930 West Land Park Drive
Sacramento, CA 95822

Customer ID: **3379**
Certificate: **93-C-0008**
Site: 001
CITY OF SACRAMENTO

Type: RE-LICENSE INSPECTION
Date: 26-JUN-2026

3.127(d)

Facilities, outdoor.

In the south corner of the property where a driver hit the fence, there is still a hole approximately 6 inches by 8 inches, one to 2 feet off the ground. The perimeter fence must be constructed so that it protects the animals in the facility by restricting animals and unauthorized persons from going through it or under it and having contact with animals in the facility, and so that it can function as a secondary containment system for the animals in the facility. A gap of that size can allow animals in or out and does not protect the animals in the facility by restricting animals from going through it or act as secondary containment for the animals in the facility. All outdoor housing facilities must be enclosed by a perimeter fence in order to ensure the welfare of the animals under the Animal Welfare Act.

Correct by 29 June 2026.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by 28 August 2026 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
