

Inspection Report

City of El Paso
4001 E. Paisano Drive
El Paso, TX 79905

Customer ID: **3888**
Certificate: **74-C-0052**
Site: 001
City of El Paso

Type: ROUTINE INSPECTION
Date: 02-MAR-2026

2.40(b)(2)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

Although the facility has a system in place to track expired drugs for disposal, there is an opened bottle of 500mg amoxicillin tablets with an expiration date of 01/31/2026 stored among other, non-expired medications in the veterinary pharmacy. The attending veterinarian immediately disposed of the expired bottle when the inspector found it during inspection of the animal hospital.

The use of expired medications is not considered to be a safe or appropriate method to prevent, control, diagnose, and treat diseases and injuries because expired drugs may be ineffective or produce other undesired effects. Animals may experience discomfort or distress due to unrelieved symptoms or unexpected side effects from the use of expired medication. The program for providing adequate veterinary care shall include the use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries. This includes following established procedures to ensure that expired medications are removed and cannot be administered to animals.

CORRECTED AT THE TIME OF THIS INSPECTION ON 03/02/2026

This inspection and exit interview were conducted with the attending veterinarian and facility representatives.
