Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 2:47 pm on 29-July-2026. The inspector attempted to contact the licensee by knocking on the door and leaving a voicemail at the phone number on file. The licensee returned the phone call and informed the inspector that he would not be available for an inspection today. Failure to provide access to the facility, animals, and records for inspection is a violation of the AWA and regulations. Continued failure to provide access is serious and may result in enforcement action.
