2.31(b)(3)(ii)

Institutional Animal Care and Use Committee (IACUC).

The IACUC held 7 meetings during the past year. An unaffiliated member was not present for 6 of those meetings. In addition, an unaffiliated member was not involved in the semi-annual facility inspections and program reviews conducted during that time. The lack of participation of an unaffiliated IACUC member in IACUC meetings and semi-annuals means that there is a lack of general community interest being represented on the committee regarding proper care and treatment of animals at the facility. The IACUC, when conducting business required under the Animal Welfare Act, shall include at least one member unaffiliated with the facility. Correct by August 23, 2026.

This inspection and exit interview were conducted with facility representatives.
