Type: ROUTINE INSPECTION
Date: 24-AUG-2026

2.75(b)(1)

Records: Dealers and exhibitors.

The licensee did not provide acquisition or disposition records for regulated animals, including turkeys, a bison, and ducks, at the time of inspection. Failing to maintain accurate and current records prevents officials from verifying animal traceability and regulatory compliance.

Every exhibitor must make, keep, and maintain records or forms that fully and correctly disclose required information for all animals other than dogs and cats that the exhibitor purchases or otherwise acquires, owns, holds, leases, possesses, transports, sells, euthanizes, or disposes of. Exhibitors must also record any offspring born or hatched while the animals are in their possession or under their control, to the extent that they can identify or count the offspring without unduly disturbing nesting or rearing activities. These records must include:

1. The name and address of the person from whom the animals were purchased or otherwise acquired.
2. The USDA license or registration number of that person, if licensed or registered under the Act.
3. The vehicle license number and state, and the driver's license number (or state issued photographic identification card for nondrivers) and state of the person, if not licensed or registered under the Act.
4. The name and address of the person to whom the exhibitor sold or gave an animal.
5. The date the exhibitor purchased, acquired, sold, or disposed of the animal(s).
6. The species of the animal(s).
7. The number of animals in the shipment.
