2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The facility's written program of veterinary care was incomplete. There was a change in attending veterinarian and the new written program does not address veterinary care for all the covered animals present at the facility. It is also does not include a formal arrangement for regularly scheduled visits.

A program of veterinary care is required to ensure facilities are communicating with and following recommendations from their veterinarian. The licensee must consult with the attending veterinarian and develop a complete and accurate written program of veterinary care that reflects the practices at this facility. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care that includes all regulated animals and regularly scheduled visits to the premises.
