Requirements and application

The licensee currently houses a breeding herd of chinchillas. The application submitted for the current license was approved for rabbits, and no other species was approved. No application has been submitted to add the new species to the current license. Species acquired by the licensee must be approved during a licensing inspection to make sure all regulatory requirements for those species are met under the Animal Welfare Act.

A licensee must obtain a new license before using any animal beyond those types or numbers of animals authorized under the existing license.
