Environment enhancement to promote psychological well-being.

During inspection, the new 2026 environmental enhancement plan to promote psychological well-being of birds was reviewed by the inspector and included the new species, but had not been approved by the veterinarian. Exhibitors must develop, document and follow a species appropriate plan for environment enhancement that is approved by the attending veterinarian.

Correct by 14 August 26 or before the next scheduled relicense inspection.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

Regulated activity may continue at all regulated sites until the expiration of the current license on 28 August 2026. At that time, conducting regulated activity from any site without a valid USDA license is a violation of the Animal Welfare Act.

All items must be in compliance within 2 more inspections or by 26 September 2026 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
