WOODSIDE RANCH RESORT
LLC

Type: ROUTINE INSPECTION

Date: 28-JUL-2026

2.1(a)(1)

Requirements and application.

The facility is conducting regulated activity without a licensee. The facility has been previously licensed, but their license expired over a year ago. They have continued to exhibit regulated animals without a license since then. Exhibiting without a license doesn't allow APHIS officials to properly assess the health and well-being of the animals by allowing us to conduct routine inspections on a regular basis. The facility must discontinue their exhibition of regulated animals until they have a USDA license. Correct starting 7/28/26.

This inspection and exit interview were conducted with the facility representative.

No regulated activities may be conducted until a USDA license is obtained.

End of report.
