2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

At the time of inspection, the last visit to the premises by the attending veterinarian was October of 2024 and the facility representative confirmed that they have been working with a new veterinarian. The formal consulting arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the exhibitor.

3.156

Watering

The larger water pools were the only source of water in the enclosures for the birds and were no longer clean and sanitary with brown debris visible. Water receptacles must be kept clean and sanitized in accordance with 3.158 as often as necessary to keep them clean and free of contamination.
