Type: FOCUSED INSPECTION
Date: 27-APR-2026

2.131(d)(2)

Handling of animals.

A readily identifiable employee or attendant was not present during periods of public contact with animals. The walkthrough "Budgie Adventure Aviary" was found to have no attendants present while members of the public interacted and feed the budgies within. Without an attendant present to monitor these interaction, both animals and members of the public are placed at an increased risk of injury. The facility must have a responsible, knowledgeable, and readily identifiable employee or attendant present at all times during periods of public contact. Corrected at the time of inspection on April 27, 2026.

This inspection and exit interview were conducted with facility representatives.
