2.126(a)(2)

Access and inspection of records and property; submission of itineraries.

Availability of records. At the time of the inspection, the documents/records that are required under the AWA (the written Program of Veterinary Care, Contingency Plan, and the animal records) were unavailable. As a result, these documents could not be reviewed during the inspection.

Per this Section, all documents and records that are required to be kept under the Animal Welfare Act (AWA) should be available at the time of an inspection so the documents can be reviewed to determine the facility's compliance with the provisions of the AWA. Correct by 4/20/26.

This inspection and exit briefing were conducted with Licensee.
