Type: ROUTINE INSPECTION

Date: 22-SEP-2026

2.36(a)

Annual report.

The research facility failed to submit their annual report online by the required due date in 2025. In an email response sent to the Deputy Administrator dated 8/20/2026, and forwarded to the Veterinary Medical Officer (VMO) on 9/9/2026, the Director of the Office of Sponsored Programs and Research wrote: "I must sincerely apologize because it appears that the 2025 report was not properly submitted in a timely manner." An undated copy of the 2025 Annual Report was attached to this email. At the time of the inspection a copy of the missing Annual Report was provided to the assigned VMO. It was dated 6/6/26 for the Fiscal Year 2026 instead of the previous fiscal year of 2025.

Each reporting facility shall submit an annual report to the Deputy Administrator on or before December 1 of each calendar year. The report shall cover the previous Federal fiscal year. The Annual Report of Research Facility (APHIS Form 7023), Continuation Sheet for Annual Report of Research Facility (APHIS Form 7023A), and Annual Report of Research Facility Column E Explanation (APHIS Form 7023B) are forms which may be used to submit the information required. However, the Animal Care Public Website now states that: "All annual reports are now submitted and processed online." See https://www.aphis.usda.gov/awa/research-facility-report to submit Annual Reports.

Correct by 9/30/2026 and forward.

This inspection and exit interview were conducted with facility representatives.

You may appeal all or part of any inspection report by submitting a written statement contesting the findings—along with any supporting documentation—to the Deputy Administrator. Appeals of routine, focused, or attempted inspections must be received within 21 days of report issuance as shown by the signature line of this report.

Appeals may be sent by email to AnimalCare@usda.gov.

Appeals sent by mail should be addressed to:
Deputy Administrator
