

Inspection Report

Buttonwood Park Zoo
425 Hawthorne St
New Bedford, MA 02740

Customer ID: **11495**
Certificate: **14-C-0131**
Site: 001
Buttonwood Park Zoo

Type: ROUTINE INSPECTION
Date: 23-APR-2026

3.125(a)

Facilities, general.

The wooden shade structure in the Guinea Hog enclosure has 2 solid sides and 2 open sides. One of the open sides had a pair of boards at ground level for the threshold. The outermost board had partially detached from the threshold resulting in a gap approximately 1 inch wide, and approximately 1/3 of the top edge of the outermost board had broken off.

Per this Section, outdoor housing facilities shall be maintained in good repair to protect the animals from injury. The partially detached/damaged board along the shade structure's threshold can lead to injury to the leg/h hoof of the animals. Facility immediately corrected this item at the time of the inspection by removing the damaged board. To remain corrected from this date 4/23/26 forward.

This inspection and exit briefing were conducted with facility representatives.
